Recent Comments

Cultural, religious beliefs and practices (forced marriages) especially among the bahima clan, the limited knowledge on SRH services, ignorance of SRHR Rights of women and girls, coupled with the limited means of livelihood, corruption among officials were identified as major hindrances to women optimal access to Reproductive Health Services.

The program has increased the rate of access to reproductive and HIV services compared to previous years. This has been as a result of the following interventions; sensitization for 800 women and girls on Reproductive Health and HIV services available in Health facilities, 02 Outreach activities were conducted to reach out to vulnerable women and girls to be able access Reproductive Health and HIV services and 04 door to door home drug delivery visits were conducted to PLWHA for follow up of which 02 clients had absconded treatment for 02 weeks due to COVID19 lock down restrictions.

Who We are

Enforcement of Patients and Health Workers' Rights (EPHWOR) was established as a women-led Non-Governmental Organization in 2017 by a group of lawyers, health workers and women rights activists who wanted to advocate for the rights of the poor, rural vulnerable and marginalized women and girls in Uganda.

OFFICE LOCATION

Enforcement of Patients and Health Workers' Rights (EPHWOR) operates nationally and our coordination office is located in Mbarara Municipality, Boma Opposite Boma Primary School, P.O Box 1346, Mbarara-Uganda. Our Main Office is located off Sir Apollo Kagawa Road, Njuki road, Kawempe Division.
